

Pringle Scoring:

The following measurements must be made by the team constructing and sending the Package:

- Mass of the package in pounds/oz
- Volume of the package in inches.

The following intactness scale will be used by the evaluating school to determine the condition of the Pringle upon arrival.

	PERFECTLY INTACT- (like it just left the factory)	100 Points
	SLIGHTLY DAMAGED - (cracked, but still in one piece)	50 Points
	A CHIPPED CHIP - (chipped along the edges less than 5 pieces)	10 Points
	A SPLIT CHIP - (chip is broken into 2 fairly equal pieces)	10 Points
	SIGNIFICANTLY DAMAGED - (chipped and/or cracked less than 20 pieces)	5 Points
	POTATO DUST - (too many to count, more than 20 pieces)	1 Point
